**JOB VACANCY ANNOUNCEMENT FOR
THE POSITION OF POSTDOCTORAL RESEARCHER SCIENTIST**

"Iuliu Hațieganu" University of Medicine and Pharmacy Cluj-Napoca is organizing a competition for the nomination within the PNRR project titled "Creating a Research Group of Excellence to Develop Cell and Immune Therapy Technology to Target the Tumor Microenvironment - CF 106," Financing Contract No. 760278/26.03.2024, for the following vacant position:"

Postdoctoral Researcher (1 position)

- **Workload** – maximum 92 hours/month
- **Fixed-term period** – 25.07.2025 to 25.03.2026 (employment formalities will be carried out only after the recruitment and selection process is validated by the funding authority)
- **Type of selection process:** Evaluation of the application file (eliminatory)
Interview

The competition will be held as follows:

- Submission of application files: June 19, 2025 – June 25, 2025, until 3:00 PM
- File selection: June 26, 2025
- Submission and resolution of appeals regarding the file submission stage: June 27, 2025
- Interview: June 30, 2025
- Posting of interview results: June 30, 2025
- Submission and resolution of appeals regarding the interview stage: July 1, 2025
- Posting of final results: July 2, 2025

1. Content of the application file:

- a) Application form for the recruitment and selection process (template attached to the recruitment announcement – must include the name of the position being applied for);
- b) CV, dated and signed on each page, in Europass format, specifying the project and position targeted by the candidate;
- c) Certified copies of the identity document or any other legal document proving identity, as applicable (certification is done by comparing with the original by the commission secretary);
- d) Certified copies of education diplomas (certified by comparison with the originals by the commission secretary);
- e) Original certificates/diplomas/testimonials proving additional specializations (originals required for certification);
- f) Supporting documents proving professional experience and/or work history relevant to the position (e.g., work history certificates, employment contracts, job descriptions, recommendation letters), certified copies;
- g) Criminal record certificate or a sworn statement that the applicant has no criminal record that would make them ineligible for the position (the criminal record certificate must be submitted by the selected candidate within 10 working days after the final results are published);

- h) Medical certificate attesting to appropriate health status, issued no more than 6 months before the recruitment and selection process, by the family doctor or an authorized medical institution;
- i) Statement of availability indicating the time dedicated to the project (per day and per month);
- j) Consent form for the processing and storage of personal data.

2. General conditions required for the postdoctoral researcher position:

- a) Has Romanian citizenship or that of another EU member state or of states in the European Economic Area, or has the right to work in Romania;
- b) Understands and speaks **Romanian**;
- c) Is in **good health** appropriate for the job;
- d) Meets the educational and, if applicable, work experience or other specific requirements for the position;
- e) **Has not been convicted** of any criminal offense.

3. Specific conditions for the Postdoctoral Researcher (1 position):

- a) Graduate of long-term higher education in the field of biology/biochemistry/medicine
- b) PhD title in medicine or biomedical sciences
- c) Expertise in fundamental laboratory research
- d) Author/co-author of over 60 ISI-indexed articles
- e) Principal investigator of at least two national research grants

Main activities within the project:

- a) Participation in fundamental research activities within the project, with a focus on studying the antitumor activity of CAR T cells in hematological diseases.
- b) Monitoring the proper storage of biological samples collected from patients and maintaining accurate laboratory records.
- c) Conducting in vivo preclinical tests on murine models to evaluate the efficacy and/or safety of experimental compounds.
- d) Implementing preclinical experimental protocols on laboratory mice to validate the therapeutic or toxicological effects of candidate substances.
- e) Performing preclinical studies on laboratory animals (mice), including treatment administration, monitoring of physiological parameters, biological sample collection, and data analysis.
- f) Participating in preclinical research activities involving the use of murine models for testing new therapies or biomarkers.
- g) Keeping up to date with the latest knowledge in the field through regular consultation of specialized literature.
- h) Collaborating with team members in dissemination and project promotion activities.
- i) Attending project team meetings.
- j) Monitoring daily laboratory activity through proper maintenance of a laboratory notebook.

4. Competition schedule:

Location of the competition:

"Iuliu Hațieganu" University of Medicine and Pharmacy – DEPCDI, Louis Pasteur St., no. 4, 3rd floor

- Application files must be submitted between June 19–25, 2025, by 3:00 PM, to DEPCDI, Louis Pasteur St., no. 4, 3rd floor, Room 10. Contact person: Rodica Romitan

- File review will take place on June 26, 2025, at 10:00 AM, and results (admitted/rejected) will be recorded in a report
- Interview will take place on June 30, 2025. The maximum score is 100 points, with a minimum passing score of 50 points
- Results of each stage will be published on the website www.umfcluj.ro, marked as “admitted” or “rejected”
- Appeals must be submitted within one working day after the results of each stage are announced
- Final results will be posted on July 2, 2025, on www.umfcluj.ro, marked as “admitted” or “rejected”

To: Universitatea de Medicina și Farmacie „Iuliu Hațieganu”
