RECTOR,
Professor Anca Dana Buzoianu MD, PhD

DEAN,
Professor Șoimița Mihaela Suci MD, PhD

LEGEND

OBD - mandatory discipline

OPD - elective discipline

FAD - facultative discipline

FD – fundamental discipline;

DD – domaine discipline;

SD – specialization discipline;

CD – complementary discipline;

E – exam;

V- evaluation during the semester;

C - colloquium

PA – practical activities;

ECTS – transferrable credits.

Remarks

- * Elected Courses are: Advanced communication skills, Healthy lifestyle in the prevention and control of chronic non-communicable diseases, Introduction to experimental surgery, Digital technologies in healthcare, Fundamentals of chemistry
- **Romanian Language is compulsory for international students and it will consist of 84 h = 3 hours/week;
- Modern Language is compulsory for Romanian students and elective for international students;
- ** The number of hours allocated may vary depending on the intensive program followed
- Medical Biophysics, Cell and Molecular Biology and Medical Informatics and Biostatistics are fully studied during the first semester;
- First Aid is conducted in the mirror with the Bases of Medical Communication

CURRICULUM – YEAR II - 2025 – 2026

ECTS – transferrable credits.

Remarks

Modules are organized in 7-week blocks + 2 weeks of exam session;

*Modules are organized in 8-week blocks + 1 week of exam session;

** Elected Courses for 2nd Semester: Ultrasonography in medical and surgical emergencies, Basic techniques in general surgery

*** The number of hours allocated may vary depending on the intensive program followed

Internal Medicine is studied in both semesters, 4 series in the first semester and 4 series in the second semester;

Surgery is studied in both semesters, 4 series in the first semester and 4 series in the second semester;

Internal Medicine has a clinical internship of 3 hours /day 5 days/week

Surgery clinical internships take place 3 hours /day, 5 days/week, in the emergency service, 15 hours in the emergency room /module;

The following exams: Internal Medicine I. Gastroenterology, Endocrinology and Diabetes, Nutritional and Metabolic Diseases, Radiology. Locomotor System, Excretory System and Emergency and Medical Imaging, Surgical Pathology II - gastrointestinal surgery. Surgical Pathology III- hepato- bilio- pancreatic surgery. Cardiovascular, vascular and thoracic surgery, Orthopedics -Traumatology and Pediatric Orthopedics are complex and carried out according to the methodology issued by the Dean's Office.
