

MADAME MARIKA RUDLER, MD, PhD, HDR, 47 years old

Professional address:

Intensive Care Unit of Hepato-Gastroenterology,
Department of Hepato-Gastroenterology (Head: Prof. Thabut),
Hôpital Pitié-Salpêtrière,
47 boulevard de l'Hôpital, 75013 Paris, France

Current position:

Full Professor of Medicine and Hospital Practitioner (PU-PH)

1. Degrees and Academic Positions

- **2022:** Habilitation to Supervise Research (HDR), Sorbonne University
- **2017:** PhD (University of Paris VI), Doctoral School ED3C: Physiology and Pathophysiology, INSERM Unit 938
Title: *Hepatic encephalopathy in patients with cirrhosis: TIPS as a risk factor; contribution of multimodal brain MRI to the prediction of neurological outcome after TIPS placement*
Supervisor: Prof. Damien Galanaud
Co-supervisor: Prof. Dominique Thabut
Defense date: December 11, 2017
- **2007:** Board Certification (DES) in Hepato-Gastroenterology, Faculty of Medicine, Paris VI
- **2007:** Doctor of Medicine (MD), Faculty of Medicine, Paris VI
- **2007:** University Diploma in Viral Hepatitis and Cytokines, Hôpital Pitié-Salpêtrière
- **2007:** University Diploma in Hepatic Intensive Care, Hôpital Paul Brousse
- **2006:** Master's Degree (M2RBCPP) "Cells", University Paris VII, INSERM Unit U773
- **2000:** Bachelor's Degree (Maîtrise) in Biological and Medical Sciences

1-A – Hospital and Academic Positions after Residency

- **Since September 2023:** Full Professor of Medicine and Hospital Practitioner (PU-PH), Department of Hepato-Gastroenterology, Prof. Thabut, Hôpital Pitié-Salpêtrière, Paris
- **June 2010 – September 2023:** Full-Time Hospital Practitioner, Department of Hepato-Gastroenterology, Prof. Thabut, Hôpital Pitié-Salpêtrière; Head of the Hepato-Gastroenterology Intensive Care Unit (HGE ICU) since October 2018
- **January 2010 – June 2010:** Full-Time Associate Hospital Practitioner, Department of Hepato-Gastroenterology, Prof. Poinard, Hôpital Pitié-Salpêtrière
- **November 2007 – November 2009:** Chief Resident / Clinical Assistant (Chef de Clinique-Assistant), Department of Hepato-Gastroenterology, Prof. Poinard, Hôpital Pitié-Salpêtrière
- **September 2007 – November 2007:** Full-Time Associate Hospital Practitioner, Department of Hepato-Gastroenterology, Prof. Poinard, Hôpital Pitié-Salpêtrière

1-B – Responsibilities of General Interest

- Editorial Board Member, *Clinics and Research in Hepatology and Gastroenterology* (2013–2022)

- Reviewer for the following journals: *Journal of Hepatology*, *Hepatology*, *Clinics and Research in Hepatology and Gastroenterology*, *Alimentary Pharmacology and Therapeutics*, *Liver International*, *Scientific Reports*, *BMJ Open*, *Gut*, *World Journal of Gastroenterology*, *Transplantation International*, *Digestive and Liver Disease*, *Metabolic Brain Disease*, *JHEP Reports*, *The Lancet Gastroenterology & Hepatology*, *Clinical Gastroenterology and Hepatology*, *American Journal of Gastroenterology*, *Hepatology*
- Scientific monitoring for the AFEF (French Association for the Study of the Liver) since April 2022
- Member of the Hospital On-Call Organization Committee (COPS), Hôpital Pitié-Salpêtrière, since 2015
- Member of the Executive Board of the Hepato-Gastroenterology Collegium (2018–2022)
- Board Member (Treasurer) of the French-Speaking Club for the Study of Portal Hypertension for 5 years (2013–2018)
- Member of the AFEF

1-C – Participation in Working Groups

- Expert member for guidelines on gastrointestinal bleeding, French Society of Intensive Care (SRLF), November 2012
- Expert member, International Consensus Conference on “Cirrhosis and Portal Hypertension,” Baveno VI, Italy, April 2015
- Expert member for AFEF guidelines on the management of hepatic encephalopathy, Paris, 2018
- Expert member for AFEF guidelines on non-invasive diagnosis and monitoring of chronic liver diseases, Paris, 2018
- Expert member, International Consensus Conference on “Cirrhosis and Portal Hypertension,” Baveno VII, October 2021
- Expert member for AFEF TIPS guidelines, Paris, 2023
- Expert member for EASL TIPS guidelines, 2023
- Delphi panel participant for EASL guidelines on management of hepatic encephalopathy (2021) and cirrhosis and surgery (2023)
- **Chairwoman**, Expert Panel, International Consensus Conference on “Cirrhosis and Portal Hypertension,” Baveno, Italy, March 2026 (Panel: *Management of acute bleeding related to portal hypertension*)

2 – Scientific Work, Activities, and Projects

2-A – Clinical Care, Research, and Teaching Activities

Clinical Activity

I am currently a Full Professor of Medicine and Hospital Practitioner working in the Hepato-Gastroenterology Intensive Care Unit (10 beds), Department of Prof. Thabut. I have been the medical and administrative head of this unit since October 2018. I provide daily care for hospitalized patients.

I conduct outpatient clinics 2 to 3 times per week, dedicated to patients with cirrhosis and liver transplant recipients. I perform 1 to 2 endoscopy sessions per week (elective and emergency endoscopy). I have been responsible for organizing the department’s on-call and on-duty schedules and ensuring continuity of care since 2009.

2.01 – Specialized Medical Training

I received advanced training in endoscopy for the management of gastrointestinal bleeding related to portal hypertension and other causes. I also received intensive care training during residency and regularly perform standard critical care procedures.

2.02 – Medical Focus Areas

My main clinical activity focuses on the management of patients with gastrointestinal bleeding and decompensated cirrhosis (bleeding, hepatic encephalopathy, infections).

One major objective in the management of decompensated cirrhosis is to optimize patients for liver transplantation. I am actively involved in the hospital's liver transplant program.

Management of gastrointestinal bleeding in cirrhotic patients in our unit relies on a multidisciplinary approach, including 24/7 interventional endoscopy expertise and immediate access to advanced interventional radiology, allowing 24/7 placement of transjugular intrahepatic portosystemic shunts (TIPS). Close collaboration with liver surgery and transplantation teams further facilitates patient care.

I have trained 65 residents and chief residents in endoscopic hemostasis techniques for portal hypertension (band ligation, glue injection, esophageal stent placement). Due to our expertise, our unit receives second- and third-line referrals. I have therefore developed high-level expertise in the management of severe cirrhosis, with cases discussed in multidisciplinary meetings where both TIPS and liver transplantation are considered (dedicated TIPS/LT multidisciplinary board, methodology recently published).

Another major complication of cirrhosis is hepatic encephalopathy (HE). I am a member of the Brain-Liver Pitié-Salpêtrière Study Group (BLIPS), created in 2012 by Prof. Thabut and Prof. Weiss. BLIPS is a multidisciplinary group dedicated to studying neurological and neurocognitive abnormalities in patients with chronic liver disease.

In collaboration with neuroradiologists (Prof. Galanaud, Prof. Dormont), neurophysiologists (Prof. Navarro), and neurometabolism specialists (Dr. Sedel), we investigate multiple aspects of HE, including through a dedicated day-hospital program. The BLIPS day hospital aims to precisely phenotype neurological and neurocognitive disorders in patients with cirrhosis or after liver transplantation.

2.03 – On-Call Duties

I am responsible for the ICU on-call schedule and currently perform approximately one on-call duty per month (over 700 on-call duties completed since 2003).

2.04 – Internal Consultations

My consultation activity focuses on patients with cirrhosis and liver transplant recipients. I conduct on average 2 to 3 hepatology clinics per week and provide numerous expert consultations across medical departments within the hospital group.

2.05 – External Consultations

Part of my clinical activity consists of providing expert opinions for complex cases related to severe cirrhosis, TIPS, or liver transplantation for patients managed in other centers, including Versailles, Rambouillet, Reims, Auxerre, Sens, Charleville-Mézières, Troyes, Tonnerre, Dreux, Évreux, Joigny, Melun, Jossigny, Château-Thierry, among others.

Teaching Activity

- Teaching medical students and residents within Prof. Thabut's department
- Teaching Hepato-Gastroenterology at Sorbonne University (DFASM1) and in national residency preparation courses since 2007
- Lectures at Sorbonne University (C4–C5) and for DFASM2 students
- Teaching digestive diseases at the Pitié-Salpêtrière Nursing School (IFSI) from 2010 to 2015

- Annual teaching in the following programs: Medical Intensive Care (webinars), Hepatic Intensive Care (Prof. Didier Samuel, Paul Brousse), University Diploma in Viral Hepatitis (Prof. Vlad Ratziu), Emergency Medicine Diploma, Physiology Unit (Prof. Marteau), DES in Hepato-Gastroenterology (portal hypertension, hepatic encephalopathy, extrahepatic manifestations of cirrhosis), University Diploma in Severe Digestive Diseases (Prof. Quesnel), Cardio-metabolic Diploma (Prof. Vlad Ratziu)
- Head of the Hepato-Gastroenterology Educational Innovation Program (EIA HGE), Sorbonne University, since 2020
- Author and examiner for PASS oral examinations and L.AS since 2021
- Digital educational content development for postgraduate medical education (2016): national e-learning platform for the DES in Hepato-Gastroenterology – Liver Working Group – Portal Hypertension chapter
- Author of the “Cirrhosis and its Complications” chapter for the national Hepato-Gastroenterology Collegium textbook (2021)
- Contributor to the White Paper of Hepato-Gastroenterology (2020), Cirrhosis chapter
- University Diploma in Medical Education obtained in 2021
- Tutor for 4 core Hepato-Gastroenterology residents since 2022
