1. **UMFIH_Vacant Researcher**

Specific requirements:
Graduate studies in medicine and doctoral studies in biology
At least 6 years experience in genetics
At least 15 scientific papers published in the last 10 years

Activities within the project:
-Development of genomic analysis pipeline for research activities on oncogenomics
-Analysis of genomic data obtained for different types of cancer.
-Correlation of genomic data obtained with clinical information
- Identification of biomarkers of prediction and diagnosis.
- Participating in regular coordination meetings and feedback.
Supporting research activities and dissemination of scientific results.-Participating in regular coordination and feedback meetings.
-Support research activities and dissemination of scientific results.

Contract duration: 40 months
Maximum hours/ month: 20 hours/month

2. UMFIH_Vacant Researcher

Specific requirements:
Bachelor in biology and doctorate in medical sciences in course.
Experience in research for at least 4 years
Minimum 10 published scientific papers

Activities within the project:
- Preparation of genomic data analysis flows
-Analysis of genomic data obtained for different types of cancer.
-Correlation of genomic data obtained with clinical information
-Identification of prediction and diagnosis biomarkers-Participating in regular coordination and feedback meetings.
-Support research activities and dissemination of scientific results.

Contract duration: 40 months
Maximum hours/ month: 20 hours/month

3. UMFIH_Vacant Researcher

Specific requirements:
Attested by general medical assistant, doctorate in biotechnology/biology/chemistry, with experience in intensive care and blood sampling at the blood transfusion center for at least 5 years.

Activities within the project:

-Recruitment of study participants.
-Obtaining informed consent from the patient.
-Collection of biological samples
-Participating in regular coordination and feedback meetings.
-Support research activities and dissemination of scientific results.

Contract duration: 24 months
Maximum hours/ month: 50 hours/month

4. UMFIH_Vacant Researcher

Specific requirements:
Master in bioinformatics and experience as a researcher in infectious diseases for at least 3 years.
Project manager in minimum 1 project and member in minimum 2 projects.
Minimum 30 articles in the last 5 years.
Activities within the project:

-Recruitment of study participants.
-Obtaining informed consent from the patient.
-Collection of biological samples
-Participating in regular coordination and feedback meetings.
-Support research activities and dissemination of scientific results.

Contract duration: 24 months
Maximum hours/ month: 15 hours/month

5. UMFIH_Vacant Researcher

Specific requirements:
Bachelor of medicine with clinical experience of minimum 6 years.
- Minimum of 50 articles published in the last 5 years.
- Member in minimum 3 projects.

Activities within the project:

-Recruitment of study participants.
-Obtaining informed consent from the patient.
-Collection of biological samples
-Participating in regular coordination and feedback meetings.
-Support research activities and dissemination of scientific results.

Contract duration: 24 months
Maximum hours/ month: 10 hours/month

6. UMFIH_Vacant Technician

Specific requirements:
Bachelor of engineering with chemistry profile, expertise as a leading chemist for at least 10 years.
Activities within the project:

-Recruitment of study participants.
-Obtaining informed consent from the patient.
-Collection of biological samples

-Creating a database of potentially health-related information through self-completed questionnaires and interviews
-Participating in regular coordination and feedback meetings.
-Support research activities and dissemination of scientific results.

Contract duration: 33 months
Maximum hours/ month: 80 hours/month

In order to take part in the competition, candidates must submit their applications by 12.05.2026 , until 16:00, to the Department of Research, Development and Innovation, Louis Pasteur Street, no. 4, 3rd floor, contact person Cristina Olovina.

Content of the application file:

a) Application for the recruitment and selection process (standard application form attached to the recruitment and selection notice - must include the title of the post for which you are applying);
b) CV, dated and signed on each page, in Europass format, stating the project and the post applied for;
c) Copies of the original identity card or any other document proving identity, according to the law, as appropriate (certification will be made by comparison with the original documents by the secretary of the committee);
d) Copies of identity documents and educational documents certified to be in conformity with the original (certification will be made by comparison with the original documents by the secretary of the committee);
e) Original certificates/diplomas attesting to the completion of specializations, (originals are required for certification);
f) Supporting documents proving seniority in employment and/or studies, i.e. proving the specific professional experience required for the post (e.g. certificates of seniority in employment and studies, employment contracts, job descriptions, recommendations, etc.), copies in accordance with the original;
g) Criminal record or a sworn statement that he/she has no criminal record that would make him/her incompatible with the position for which he/she is applying; the criminal record must be submitted by the successful candidate within 10 working days of the publication of the final result of the recruitment and selection process;
h) A medical certificate attesting to an appropriate state of health issued no more than 6 months prior to the recruitment and selection procedure by the candidate's general practitioner or by the competent health units;
i) Declaration of availability of time allocated to the project, per day and per month;
j) Agreement on the processing, handling, and storage of personal data.

Competition Schedule

The competition will consist of 2 stages as follows:

- First Step: Verification of the eligibility of applications submitted by candidates. All CVs received and other documents submitted will be analysed using the Recruitment and Selection Grid.
The Selection Committee will post the result of the evaluation of the applications and the scheduling of the interview on the website www.umfcluj.ro on 13.05.2026 with the mention "admitted" or "rejected".

- Second Step: Interview.
Verification of candidates' knowledge and/or aptitudes will be carried out through individual interviews. The interview will be conducted in accordance with the interview plan drawn up by the Recruitment and Selection Committee on the day of the interview on the basis of the assessment

criteria. The maximum possible mark for a candidate will be 100 points and the minimum admissible mark will be 60 points.
The results of the candidates at the interview stage will be the arithmetic mean of the marks awarded by the members of the committee and will be published on the website www.umfcluj.ro on 15.05.2026.

Settlement of appeals:
Any appeals must be lodged within one working day of the publication of the results of the selection and/or interview, except in the case of compulsory rest days (Saturday and Sunday) or statutory holidays, in which case the deadline is extended to the first working day following publication. Appeals will be dealt with by the Appeals Committee.
The marks awarded after appeals remain definitive.
The final result will be published on the website www.umfcluj.ro on 19.05.2026.
